# Ready to Get Organized?

Once you have moved into your new manufactured home, you might be surprised to discover things can get overwhelming very quickly. Unpacking, moving furniture, and organizing can be hectic.

Take a deep breath: We offer some tips below on how to organize your new manufactured home. These tips are also budget-friendly. While on the subject, we also provide tips on how to organize your new budget, now that you are a proud homeowner!

Inexpensive Ways to Organize  
Your Manufactured Home

Prepare a Budget for Your  
New Manufactured Home

## 5 Quick Cleaning Tips

1. Buff surfaces with olive oil. It's great on stainless steel pots, pans, and appliances.
2. Use lemons or limes to detox your garbage disposal. Just be sure to cut the fruit into small pieces before grinding.
3. Remove carpet stains with vodka. Blot the stain first, then pour the vodka and watch it lighten right up!
4. Clean water stains with shaving cream. Apply the cream and let sit for 15 minutes, then wipe off.
5. Baking soda and vinegar work wonders on a dirty tub. Mix one cup of vinegar and a half cup of baking soda for your solution; apply, and spray with hot water.
