THE MONTHLY **ADVISOR**

Insider Information Delivered When You Need It

Moving on Up!

You have signed all the papers and are now the proud owner of a manufactured home! Now comes the big move. Do you have a plan in place?

Between children, pets, and unexpected events, moving can be stressful - but it doesn't HAVE to be. We offer two articles below that are packed with great tips to help your move go as smoothly as possible.

Getting the Family Pet Ready for
Move-In Day

23 Moving Hacks for a Faster, Easier,
and Less Stressful Move

6 Useful Packing Hacks

1. Instead of buying, rent boxes from companies like Gorilla Bins.
2. Take photos of what you put into your boxes for easy identification later.
3. Put a toothpick under your packing tape to mark where to peel it.
4. Use transparent Ziploc bags to hold small, important items.
5. Make a "first-day essentials" box that will be easy to find when you arrive.
6. Use heavy-duty trash bags to protect clothes; use them later for their intended purpose.
