Cleaning House!

No matter how brand-new your manufactured home may be, moving in causes a mess! It's inevitable, but there are great tips out there to help you clean effectively after your move-in.

Click below to learn more about some awesome cleaning tips for inside and outside your new manufactured home!

Tips for Cleaning the
Inside of Your Home

Tips for Cleaning the
Outside of Your Home

5 Great Cleaning Tips

1. Use chalk to get rid of fingerprints on the walls. Cover the stains with chalk, wait a few minutes, then wipe off with a damp rag.
2. Ball up about 2 feet of aluminum foil and toss in the dryer for a scent-free static remover.
3. Use a rubber squeegee to pick up pet hair from upholstery and carpet.
4. Put a dry towel in a dryer full of wet clothes to speed up drying time.
5. Place a sachet of plain uncooked rice into wet gloves or boots to help promote drying.
