Insider Information Delivered When You Need It

Happy July!

Summer is in full swing and you may be wondering what home improvement projects you can tackle in your new manufactured home. Not all upgrade projects are created equal. Some may add little value, some may add curb appeal, and others have a great return on investment, increasing the value of your home in the long term.

Here are some tips and helpful information so you can learn which summer projects may give you the best bang for your buck!

Upgrades That Can Increase the Value of Your Manufactured Home
